MARPOL Annex VI Regulation 18.2, as incorporated by reference in 40 C.F.R. § 1043.100, provides that a vessel not in compliance with the fuel oil sulfur standards will:

- "(1) present a record of the actions taken to attempt to achieve compliance; and
- (2) provide evidence that it attempted to purchase compliant fuel oil in accordance with its voyage plan and, if it was not made available where planned, that attempts were made to locate alternative sources for such fuel oil and that despite best efforts to obtain compliant fuel oil, no such fuel oil was made available for purchase."

Vessel's Name: Vessel's Flag: Identification Number: (IMO or other)

| Vessel used LSGO while entering ECA area but due to bad weather de        | layed her arrival ETA.                                  |
| The remaining LSGO onboard is not sufficient for the vessel to enter the  | he port safely, due to bad weather delay as previously  |
| In this respect and for safety reasons, we have instructed the Master     | onboard to use heavy FO from the anchorage to berth,    |
